

Endorsement

Alex Snitker, Liberty Underground Radio

"The book provides a new way of looking at the foundations of our Constitution Republic. The material provides the reader a renaissance of information ranging from monetary policy, taxes, state sovereignty, and property rights, which is not reported in the media. The American people are looking for solutions to our current economic and social problems that face this republic and the book material provides those. If you are interested in freedom, liberty, and have a curiosity to new ideas this book material is for you."
